109685-PGX	Reman	OLD Design w/Brass Check Valve	107794PGX	No	No	12V	75W	1/2"
109689-G	New	NEW Design w/Governor Port	107796-G3	No	No	12V	75W	1/2"
109689-PGX	Reman	NEW Design w/Governor Port	107794PGX	No	No	12V	75W	1/2"
800243-G	New	OLD Design w/Brass Check Valve	107796-G3	No	No	24V	100W	3/4"

- Air Dryers with the NEW Design End Cover can be used in place of Air Dryers with the OLD Design End Cover, provided that the Governor Port on the NEW Design is plugged.
- However, Air Dryers with the OLD Design cannot be used in place of Air Dryers with the NEW Design if the Governor Port is needed.
- The Governor Port may be used in several applications including Freightliner Cascadia and Thomas Buses.
